Chapter 1 by Gwideon

A Man. That's what I was.
Until that fateful day.
I was In the right Place at the right time
when the extraordinary Happened.

A Hero. That's what they called me.
I used my gifts to serve justice.
There where those who thought I was a Guardian.
There where those who thought I was a menace,
that I could never serve true justice without the law by my side.

A Legend. That's what I became.
Then that day came when something rose up that made everyone else cower in fear and left me alone.
I rose up and ended what no one else would end and fought what no one else would fight.
That's what being a hero is

When justice happened

The Villain. That's what they called me.
I use my talents to disrupt order
There were those who called me noble
When I am clearly a god
But there were those who thought I was insane
That I couldn't make order by disrupting it

A Force. That's what I became.
Then came the day that I rose up and slaughtered the
cowards and forced the others to fear.
But I was defeated by what no one believed in. By something
one would call a "hero."
That's what true disorder is.

Chapter 3 by Phantim

It wasn't my fault I saw what others could not.
That rich bankers and politicians thrived, while the people rot.

There is a difference between law and order.
A difference that has become my burden to shoulder.

The people don't seem sure if I'm right or if I am wrong.
But once they see truth, they will know I did my best all along.

My murderous rampage will long be cursed.
But I am trying to save the world before it bursts.

Is there good? Is there evil? Does God exist?
Despite my best efforts, the corruption persists.
